

## Summer Term

*This half term our topic will be 'Around The World'. We will be learning about the world outside of our own country and the names of continents and oceans.*

*In English we will continue this theme, and look at stories from other cultures. Handa's Surprise by Eileen Browne will be our special text.*

Our Science topic this term will be looking back at how plants change in the season and comparing them to what we learnt in Autumn and Winter. We will look into more detail about the parts of a plant and how it survives.

In Art, we will be printing in different styles and experimenting with colour.
